

SUPPORTED BY

11th Annual National Conference of PediSTARS on Healthcare Simulation

Pre-Conference Simulation Workshop- 22nd August 2026

CBME Workshop

Competency-Based Medical Education for Undergraduate Training

The CBME Workshop is a one-day focused training program based on the Competency-Based Skills Curriculum of the National Medical Commission (NMC) for undergraduate medical education.

This workshop is designed to equip medical college educators with the essential knowledge and practical skills required to effectively implement CBME principles in teaching, assessment, and curriculum delivery.

SUPPORTED BY

Pre-Conference Simulation Workshop – 22nd August 2026

Learning Outcomes

- ▶ Understand and apply CBME principles in undergraduate education.
- ▶ Design competency-based lesson plans and teaching strategies.
- ▶ Implement effective assessment methods aligned with competencies.
- ▶ Facilitate skills-based learning in clinical and simulation settings.
- ▶ Enhance learner engagement and outcome-based education.
